Meeting Notes

Date: Wednesday, January 13, 2010

Location: The Hearthstone, 6720 East Green Lake Way N.

1. Chair Michael Cornell called the meeting to order at 7:05 p.m. The members of the GLCC Board were introduced.
2. Gayle Garmen reported on the FOGL activities and future meetings. Two shoreline milfoil clean-ups have been held since October. The next FOGL meeting will be on Jan 26th and then on Feb 23rd at the Hearthstone. They will be reviewing the data (temperature, clarity and nutrients) gathered during 2009. There is 5 years worth of data and the 2009 analysis is being added into the existing data. The FOGL is part of the Washington Lakes Protection Association (WALPA – walpa.org). The WALPA is supporting SB(Senate Bill) 6289 which is being introduced to limit the use of phosphorous. This would lead to a decline in the amount of phosphorous in run-off. Senators to contact to request support for this Bill are: Ken Jacobson 46th, Ed Murray 43rd, and 39th Jean Kohl-Wells. A hearing on this bill will be held this week.

FOGL received 501C(3) certification from the IRS. This allows donations to FOGL to be tax-deductible. This is effective April 10, 2006, so any contributions given since then are tax – deductible.

At the January meeting the FOGL Board will be doing the planning for 2010. The meeting is open to all.
