

Analyzing the Effects of Homelessness on Green Lake Park

I am a graduate student at UW and my master's thesis is focused on homelessness in Green Lake Park.

By conducting interviews with park users and local residents, I aim to understand impacts of and views towards the presence of homelessness in the park.

If you would like to schedule an interview or get more information, please contact me at:
csmith77@uw.edu
(360) 204-1654

I look forward to hearing from you!

-Carmen Smith
